

Martyred Journalists:

On August 11, 2025 the Gaza Government Media Office published a list of the names of 238 martyred journalists and media professionals who were killed by the Israeli occupation army in the Gaza Strip during the ongoing genocide Gaza. Palestinians mourn their loss, but also take pride in the highest sacrifice made by the men and women journalists who upheld the values of their mission to report the truth without fear of the Israeli occupation's attempt to erase the Palestinian narrative.
